

## Prayer Shawl Ministry

Prayer Shawls are made not with a special pattern or yarn but with prayer woven into the fibers becoming part of the fabric of the shawl and offering peace and comfort not only to the recipient but also the crafter.

Items other than shawls also have been made for sharing: Afghans given in celebration at baptisms, helmet hats for soldiers in Afghanistan and Iraq, 40+ hats for chemo patients, dishcloths for welcome gifts for new members and lap robes.

Come and join us and if you don't knit or crochet, we have willing ladies that would be delighted to teach you!
