

## *The History Of Peace*

*In the fall of 1952 the South Wisconsin District began efforts to establish a mission congregation in Beaver Dam. On February 3, 1963, Rev. Paul Natzke was commissioned to serve this mission church. On February 9, 1964, Peace congregation was formally organized as a congregation of the Lutheran Church Missouri Synod. The congregation began with 98 baptized members including 66 communicant members.*

*On April 11, 1965, ground was broken for our present church building and was dedicated on March 6, 1966. A major expansion of the church was completed in December of 1990. A pipe organ was installed November 1997.*

*In 2005, ground was broken for the addition of a Fellowship Hall, classrooms for bible study, office space and new kitchen facilities. This addition was completed and dedicated in March 2006.*

*God has truly blessed Peace Congregation with Pastors and members dedicated to furthering His Kingdom.*
