## New Service Coming...

As the summer, along with the construction of the new worship space move right along... we are making a small move to accommodate a few more folks in worship. For the time being, we will be adding a Chapel Service to our Sunday morning experience. This service will begin August 1st, and take place at 9:30am. It will be similar to the 8:15 service, but a bit shorter, and in a more intimate setting. We are hoping that this addition will benefit those folks who live a little farther from the church, or have other circumstances that make it difficult to get up and around for the 8:15 service.

A couple of important side notes that need to be mentioned...

As of this moment, this is not a permanent addition. As phase 1 of our construction is completed, and phase 2 begins, the needs of the congregation may change... the timing of the needs may change... we may even discover a greater need at another time! But myself, along with the Church Council, feel that this may meet a temporary need, and may even help us to learn more about other needs that exist.

If the attendance at the 9:30 service exceeds the capacity of the Chapel, we will simply walk the short distance to the sanctuary. We will let the needs of that particular group dictate the specifics.

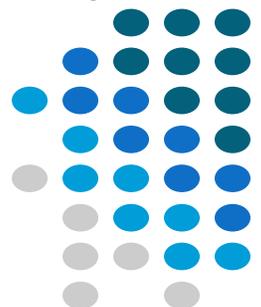

Finally, due to the smaller space, this service will not be able to facilitate larger groups for special music, etc. Sam Lucas and myself will be the primary worship leaders during this service. At this time, we expect this service to be approximately 30 minutes in length. Communion Sundays may extend that a bit.

One of the other benefits of a 9:30 Chapel Service, is that it will allow those attending this service to enjoy fellowship time from 9:00-9:30 with their friends from the 8:15 service if they wish.

In closing, I ask you to keep our church, our leadership, and our community in prayer. And please let me say again, that this particular service is NOT a replacement for anything that may have happened in the past, or will be happening in the future. This service is an "in addition to..." service... that we pray may allow some additional folks to join us once again for worship! And I do feel that this is what we all want. Thank you for your support!

In Christ,

Pastor Monty

## Building Project Report

Since March of 2020 we've used our gym as the staging space for the renovation project. It's been very handy and we are blessed to be closing in on the finish of our construction. As we wind toward the end of summer and the start of the next school year, we want to have the gym available for activities! About half is construction tools and materials but the other half is our staged items... some we'll keep but much of that needs to go! **We'll have work days on Saturday August 7th and 21st** to finish relocating items and doing our clean up and make it ready for use. We'll share a listing of items we're not going to re-use that still have useful life should a congregation member have an interest in making a donation and taking it out of our way. We'll be cleaning out our storage spaces in the basement and the temporary office

also, so **we can use several hands!**

Hopefully some 5th Quarters and pickleball again!

Let's clean up the gym and when construction stuff is out, we'll get a new floor and then it's
