Mission Statement

Where caring people enrich the lives of children and families through Christ-centered learning.

Philosophy

As an important ministry of the Grace Lutheran Church congregation, Grace Christian Children's Center believes that children need a solid foundation on which they can build. Childhood is a time like no other. It's a time for exploring, creating, playing and discovering about one's self. It's a time for learning about our identity in Christ, for meeting the world, for learning how to learn and for being accepted just the way they are.

Our curriculum is based on providing your child with experiences that will enrich and enhance each child's spiritual life, their cognitive, language, social, emotional, physical and creative development.

Our experienced teaching staff understands that each child is a unique person with an individual pattern and timing of social, physical, and intellectual development. We embrace the belief that parents are the first and most important teachers of their children. Parents are welcome visitors in the classroom at all times.
