# Grace Lutheran Church

**Dear Members of Grace,**

**I pray you are doing well and coping with the current crisis in a healthy way. There are any number of risks for us all during this time. Some issues that could arise are anger, bitterness, sorrow, isolation, depression. Those are the emotional issues, but for others there are physical challenges that could arise as well: health problems, poverty, and more.**

**As a community and part of the body of Christ, even in the midst of separation we are still called to be a neighbor to those in need. Maybe your next door neighbor is in need, maybe it's someone down the street, or even someone across town. The reality is at a time like this we cannot let 'even the least' of these be forgotten.**

**There are many who will be struggling for years to come. Some will struggle financially, some will struggle from the lasting effects of such a sickness, and others will struggle to survive without their loved ones whose lives were snatched away by this virus.**

**The first thing we must do is repent! Lest we too should perish. The second is to pray that God would deliver us all. The third is to shine the light of Christ that others would know the joy and peace of Christ that surpasses all understanding.**

**We are indeed blessed! For we know that this to shall pass and that our lives do not consist in the things of this world. Our HOPE is not in the government, or hospitals, in health, or wealth. Our HOPE is in the one who overcame the world, our flesh, and the devil... Jesus Christ our LORD!**
