This is just a quick overview to explain the fees we charge and our tuition programs:

- **Application Fee:** This fee is for **new students only**. It is a one time \$60 fee per student.
- **Registration fee:** This is payable upon completion of your online enrollment. It covers all administrative costs including the fees FACTS charges for database tasks. The cost is \$240 per student.
- **Materials of Instruction (MOI) Fee:** The MOI fee varies (depending on grade) and must be paid no later than June 1st. (with the exception of new families who enroll after that date). This is paid by automatic deduction through your FACTS tuition account. The MOI fee is used for books, instructional materials, standardized tests, and scoring services. This fee is non-refundable after June 30th.
- **Tuition:** All tuition payments will be paid through FACTS (annual, semi-annual, 9 and 11-month payment plans are available). You may choose either automatic withdrawal from your bank account or a credit card. Annual tuition payments are due by July 20th. Semi-annual tuition payments are due by July 20th and December 20th. 9 month and 11 month payment plans are available with first payment in July.
- **Tuition Incentives:** If you have multiple children attending Grace, you will pay full tuition for the oldest child and receive a multi-child discount of 15% off of your second child and 10% off all additional children enrolled.
- **Financial Assistance:** Grace Lutheran Church and School provides limited financial assistance for full day Pre-K 4 through 8th grade families who desire a Christian education for their children, but are unable, without assistance, to meet the financial requirement of the school. All families are permitted to apply for aid. To obtain this assistance, you will need to apply on-line through factsmtg.com/aid. Financial documentation will be required during this process. Applications that do not include financial documentation will not be considered for aid.
