READ this week's story: [The Story Bible page 104](#)

God wants us to obey him and his Word. During our Bible lesson, we learn about the king of Egypt who refused to listen to God.

Plague...What does that mean?

A plague is a terrible trouble; something bad that happens to many people (or a country) at the same time.

Can you name all the plagues from today's story?

(hint: use the picture worksheet to help you name all the plagues.)

1. Water turned to blood
2. Frogs
3. Tiny bugs from the dust of the ground
4. Flies
5. Cattle died
6. Painful sores/Boils
7. Hail
8. Grasshoppers
9. Darkness
10. Do you know the last plague God sent to Egypt?

Find out next week as the story continues....

Story Review Questions

1. **Who spoke God's messages to the king?**
[Moses and Aaron.]
2. **What did God want the king to do?**

Frog Puppet Craft

Follow the instructions below to make a puppet for acting out the plague of frogs:

- Color the circle, semicircles, and feet green, cut out pieces.
- Fold the circle in half on the dotted line, colored part inside.
- Glue or staple the semicircles to the halves of the folded circle, green side out, attaching only around the rounded parts. The straight sides of the semicircles and the fold of the circle will form pockets. Four fingers go into the top part and the thumb into the bottom to make the frog puppet talk.
- Fold the eyes on the dotted lines and glue the bottom flap of each eye to the top of the frog's face.
- Glue the red tongue inside the mouth.
- Accordion fold two strips of green paper to make the frog's legs. Glue the legs to the bottom of the frog's face, allowing them to dangle. Glue the feet to the ends of the legs.

Frogs, frogs, everywhere! King of Egypt, better beware!
