Kelly Hardin came to give a perspective based on Lincoln County Health Dept.

Joey started us with a prayer.

- Discussed singing...as long as the distance is kept in mind, singing amongst families is ok.
- FM transmitter can be used if people feel more comfortable staying in their cars.
- Sound system will be utilized as well for those sitting in the grassy area.
- Facebook live will continue. (service and a song will continue from now on regardless)
- Communion – agreed to keep things as simple as possible starting out. Waiting to see how Phase II goes before offering communion at all. Clearance given to Worship and Music to setup guidelines when we're ready.
- Encourage people to bring chairs or blankets to utilize the grassy knoll.
- Pastor spoke with insurance as well as a couple lawyers and as long as we're follow recommendations we are ok.
- Lincoln county active cases have stayed around 12-16.
- Discussed the restrooms will need to be closed – they would need to be sanitized after each person, so unrealistic. Shorter service, so we will just remind everyone.
- Are we putting people in a difficult place by having a gathering if they prefer not but feel pressured to. Discussion is similar to bad weather, your call on whether to venture out, but if you feel safer to stay at home, FB live is available.
- 1<sup>st</sup> four parking spots will be reserved for those that prefer "In Car Worship" as well as the McAlister roadway closest to the church.

Joey motioned we approved the guidelines we discussed, with caveat that Pastor and WM can make changes as needed. Mike Wootton 2<sup>nd</sup>. Unanimous
