Devotion – Tracy Goodwin

Approval of minutes from both regular special council May meetings, Mike motioned, Chelsea 2nd all approved

Fellowship – what's happening with outdoor service / fellowship before and after makes a recognizable difference

Finance – Church treasurer on vacation this week so monthly reports were not prepared in time for meeting. Joey will forward reports once he receives them, hopefully this week. There was a high giving last week and it appears to be actual giving and not just part of the PPP Grant. We will know more once we see the reports.

Property – fire inspection to be discussed. Window in the door to fellowship hallway is very loose, noticed when pressure washing. Possible plants between posts on picnic shelter

Stewardship – Pastor Chad mentioned possible books to look into

Youth – celebrated graduates.

W/M – working hard to make sure the service gets setup outside. Special thanks to Ron Atchley for the use of the sound system. FM transmitter being looked into.

Pastor Chad – Started Wed. Dwelling in the Word at noon. Spent money on Zoom to continue using it because our gifted trial is over. Might get it for the year if we're going to continue using it. South Western churches conference met to compare what each other are doing. 2 churches meeting outside like us, 2 drive in, rest are online only. Grateful we're able to do what we're doing outside. Thoughts on rain dates? Overall discussion – make the call the morning of whether to hold FaceBook only.

Old Business – PPP Loan/Grant – authorized and deposited \$24,300.

New Business – Fire Inspection Failed on a few points. Mike and Daniel will begin to work to get the failed points corrected.

5 more months before new council member elections, start to think and talk with replacement member nominees now. There will be 4 vacancies for the November 2020 elections.

Traditionally no July meeting. If something comes up we'll meet, but next meeting will be in Aug.

Benevolence – started to pay again with PPP Loan deposited.

Church member wanted to see about having a graduation party here. Discussion resulted in a no – CDC and Synod guidelines wouldn't be able to be kept.

Daniel motioned to adjourn, Mike 2nd all approved.

Pastor Chad closed with prayer.
