15 Minute Family Sheet

Our Story!

This week we are going to hear about a boy named Samuel. As a family read 1 Samuel 3:1-21. God calls Samuel to be his representative to the people, even though he is a young boy. God uses him to deliver messages to be people.

Make a Joyful Noise

Sometimes an easy way to share a message is through a song. This week our song is: Jesus Loves Me. Now we have an easy way to tell people how much God loves us all. Sing this together, or have some family members do it as a concert for you.

Family Devotion

God calls us to share his message with people. No matter how old we are he can give us ways to share the good news of Jesus with the people around us! Sometimes being God's messenger can be scary. Samuel was worried about giving God's message to Eli. Samuel loved Eli and didn't want to hurt him, but when we share God's words out of love he uses our words for good. How has God given you opportunities to share his words?

Let's Get Creative!

God wants us to share messages of love. He wants us to tell people how much he loves them, and how much we love them too. For our craft this week we are going to make cards and mail them to someone. Make sure you tell them how much you love them and how much God loves them too! Email pictures of your cards to: lenora@holycrosskitchener.org
