15 Minute Family Sheet

Our Story!

Today we are going to be reading a story that we would normally read a little later in the year. Today we are going to hear about the birth of Jesus! As a family read Luke 2:1-21, or if you have a book that tells you about Jesus' birth you can read that too.

Make a Joyful Noise

Some people only like Christmas carols in December, but I hope today will be an exception. What are your favourite Christmas carols? Take turns singing each person's favourite! If you are looking for inspiration find some Christmas music and listen to it together!

Family Devotion

God came to earth as a baby in the person of Jesus to save us from our sins. This isn't just something for us to talk about during the month of December. It is important all year round. Jesus came to us as a baby at Christmas so that he could die for us on the cross at Easter. What can we do to remind us of these events all year?

Let's Get Creative!

We usually celebrate Jesus' birth at Christmas; today we are going to get a head start on our Christmas decorations! Follow the link below to learn how to make an origami Christmas tree. You can even decorate it using crayons or coloured pencils. Email pictures of your cards to: lenora@holycrosskitchener.org
