

Faithfulness.

God created the heavens and the earth and all that is in it (Genesis 1). Humans, in God's image is gifted with the capacity to organize our world, too.

The Israelites had been in their promised land 480 years when David received instructions from God for Solomon to build the temple (1 Kings, 1 Chronicles). God was faithful and the temple reinforced the permanence of His promise. Though the temple is long gone and the people of Israel now span the globe, God is still faithful. We are faithful to Him by building houses of worship and using them to build faith, fellowship, reverence, obedience, purity, and gratitude. Join us in the coming weeks as we explore the lessons gleaned from Solomon's temple.

for Immanuel's building project, God's Firm Foundation.

"Thank you for all your prayers and support for successful surgery and recovery for Jim and for our well-being over the last three months. Through the uncertainty along the way, our comfort has been in the certain salvation bought by Jesus. We are truly blessed by the love and kindness provided by our Immanuel family."

Jim and Patty Walla
