Think About This

Life is filled with ups and downs, many of which make it difficult for us to see beyond what is happening in the very moment we're in. The inability to see past their current circumstances—to focus on the bigger picture—is definitely something middle schoolers struggle with in this phase. Our prayer is that they'll begin to see how God is working on the big picture of their life.

Remember This

Genesis 50:20

*"You intended to harm me,
but God intended it for good
to accomplish what is now being
done, the saving of many lives"*

Do This

Check near completed activity

Morning Time

Together as a family, take time this week to create a bigger picture for your home. Talk about things like the way you want to treat each other, some goals you have for your family, the things that are important to you, or the types of things you want to do together. Write them down and post them somewhere in your home as a reminder of the big picture you have for your family.

Meal Time

Create a bigger picture together this week by doing a puzzle as a family. As you put it together, talk about how each small piece of the puzzle comes together to form a really cool, bigger picture you can't see until you're done.

Bed Time

Ask your kid if there's a person in their life who makes them feel better simply by being with them. It could be a close friend, a family member, someone in their Catechism class, or even you! Ask them what it is about that person that brings them comfort, peace, or ease when in their presence.
