

LWML MISSION GRANT

WORSHIP FOR SHUT-INS

The list of nursing centers and hospitals who receive the weekly worship broadcasts via DVD subscriptions is growing. Thanks to the LWML Grant “Worship for Shut-Ins” there are currently ten paid regular subscriptions. These dollars subsidize the production,

subscription, and mailings. Each recording includes a 10-minute homily by a local Fort Wayne pastor, Scripture recordings, choral selections, and historic creeds are also sung, read, and recited.

MISSION PHOTOS

Mr. Ervin Thieine not only views his personal copy of “Worship for Shut-Ins” weekly programs, but also delivers a copy for public display each week inside the independent living section of the Woodview Health Care Center, Fort Wayne, Indiana. Another copy is delivered and played each week by the activities committee in the assisted living section at Woodview.
