Student Scholarships for MOST Ministries Mission Trips

Mission Opportunities Short Term (MOST) Ministries has sent more than 4,000 people on short term mission trips to 40 countries around the world, delivering the Gospel while caring for the needs of daily living. Their leadership is outstanding and their teams are well trained, well equipped, and led by the Spirit of our living God who desires that all may know Him. For more information about MOST Ministries, visit their website at: www.mostministries.org.

An LWML mission grant of \$20,000 will provides scholarships for 15 college and university students to go on short term mission trips. The participation of students is especially valuable in developing mission-minded young people. The nature of a short term trip is the perfect way to “step out of the box” and grow in Christ through service to Him in a variety of scenarios. The impact of a short term mission trip is beyond compare and the experience is only comparable to the love of Jesus himself as He empowers those who go! Visit their website at: www.mostministries.org.
