

LWML MISSION GRANT

MISSION OUTREACH AT ST. PAUL COMMUNITY LUTHERAN CHURCH, PONTIAC, MICHIGAN

What a wonderful difference LWML has made in the mission at St. Paul! Grant funds received have been a blessing for the following steps forward in ministry: staffing support, worship quality, outreach, and youth ministry.

While working so hard to get a wonderful start in connecting with people, meeting their urgent needs, and forming ministry, Pastor and Rebecca Gladden's staggering work load has often been a barrier to the further development of ministry. The addition of

some staff support, as well as ministry resources, is giving new vitality to the ministry and new encouragement to these faithful servants.

This is an exciting time in ministry for Pastor and Rebecca. As they receive help in the work, as well as resources to reach for the vision they have for God's work at St. Paul, they are encouraged and refreshed. God is giving growth, and the future of ministry is exciting!

MISSION PHOTOS

"New" church office with Joan, hired with LWML funds. She is a wonderful blessing of skills, organization, and a ministry heart. What a difference she has made already!
