PRAYER GUIDE FOR LWML MISSION GRANTS

Prayers to assist in the spreading of God's Word through the KFUE radio station.

PRAYER #1

Heavenly Father, Your Word declares: *So faith comes from hearing, and hearing through the word of Christ* (Romans 10:17). We praise and thank You for Your continued blessings on our mite offerings. Thank You for the opportunity to assist in the spreading of Your Word through the KFUE radio station. May Your Word fill the listeners' hearts with the message of His saving grace. We pray this in Jesus' name. Amen.

PRAYER #2

Dear Lord, we thank You for Your goodness and Your mercy. We thank You for technology platforms, hardware, software, and communication systems — all to be used by radio station KFUE to Your glory. We praise You for the people who have the knowledge and skill to use this technology which helps them share God's love around the world. In Your holy name we pray. Amen.

PRAYER #3

Great is the LORD, and greatly to be praised! Your mercy endures forever! You, Lord, have made it possible for radio station KFUE to remain relevant and effectively engaged with the digital generation. We pray that this mission grant will bear fruit, that all might hear Your Word and then minister to others in need. May the Holy Spirit increase listeners' wisdom and knowledge of Your saving grace and love for all people. In Your holy name we pray. Amen.

PRAYER #4

Precious heavenly Father, we pray that our mission offerings for LWML Mission Grant # 17, "Christ for You, Anytime, Anywhere," will continue to be blessed by You. Thank You for the mite offerings which will provide hardware and software for KFUE's digital studio, as well as for personnel to work with the new equipment. We ask You to enable listeners to hear of Your love and then proclaim Your saving grace and mercy to all the world. In Jesus' holy name we pray. Amen.

**LCMS RADIO STATION SHARING THE GOSPEL
KFUE Radio — \$60,000**

We can think of KFUE as having a unique mission. Messages are not only broadcast via various technologies and not only to those who are incarcerated, live in nursing homes, serve in the military, or are home-bound, but also to world-wide mission fields.

Based in St. Louis, KFUE continues to proclaim the Gospel in new formats by utilizing ever-changing technology. The founders grew to realize that they could reach people not only through live broadcasts, but also by sending out recorded programs to other stations. Over the years, as many people as possible were reached using various types of media: LP records, reel-to-reel tapes, cassette tapes, CDs, and via satellite. Most recently, they utilize the World Wide Web, live-stream, and podcasts. The station is visible on Facebook, and they use Twitter and text messaging to communicate.

KFUE strives to stay connected with listeners of all ages in locations around the globe by using the latest cutting-edge platforms available. Currently they use Smart radios, such as Alexa, where listeners can ask KFUE questions about broadcasts. They also use a platform called "OPAL," which allows them to have high-quality connections between hosts and guests in remote locations. Broadcast Bionics permits KFUE hosts to engage with listeners in live programming.

Funds for this mission grant will make it possible for KFUE to continue purchasing and using the newest technology to make the Gospel message available to everyone, including children and young adults living in the digital generation.
