

The Word Takes Flight

2021–2023 Biennium
Mission Goal:
\$2,150,000
Mission Grant #9
\$65,000

Propelling the Gospel LAMP Ministry Inc. — \$65,000

*By awesome deeds
you answer us with
righteousness,
O God of our
salvation, the hope
of all the ends
of the earth and
of the farthest seas
(Psalm 65:5).*

LAMP Ministry Inc. has been using small aircraft to take the Gospel message to remote northern areas of North America since 1970. The LWML helped to purchase the airplanes with previous mission grants. The planes are kept airworthy and flying but require upgrades to the instruments and avionics to insure pilot and passenger safety.

Each year hundreds of volunteer missionaries travel with LAMP ministries to teach VBS to thousands of children in the remote areas in northern Canada. The rapidly growing population, particularly among the Indigenous People, is currently nearly one million and about half are children under 14. There is currently an entire generation of children and youth that have not been taught the Holy

Scriptures and the hope that is theirs through Jesus.

This grant will be used to purchase upgrades for the avionic instruments needed to help keep the planes flying safely into remote areas so that LAMP can continue to propel the Good News to “all the ends of the earth.”

We Pray Together:

Dear Lord, we give You thanks for the pilots and missionaries of LAMP who go and spread the Good News of Christ. Their dedication to help spread the Word throughout northern Canada brings light into people’s lives. Please continue to watch over and bless all of those involved in this ministry. In Jesus name we pray. Amen.
