

Healthcare and Medical Supplies for Students and Community in Tanzania

2021–2023 Biennium
Mission Goal:
\$2,150,000

Mission Grant #12
\$68,182

Mercy Medical Care for Tanzania Mwadui Lutheran School and Community — \$68,182

*If you put these
things before the
brothers, you will
be a good servant of
Christ Jesus, being
trained in the words
of the faith and
of the good
doctrine that you
have followed
(1 Timothy 4:6).*

Mwadui Lutheran School in Tanzania is a training place for students aspiring to be pastors, teachers, or professionals. The boarding school began in 2010 and currently has over 200 students. The school has trained evangelists and pastors, while preparing professionals, and medical students for universities with a Biblical-based Christian education.

Malaria and other illnesses are still rampant in this area. The nearest dispensary or clinic is 15 miles from the school. Four years ago, plans began to build a clinic and provide medical care to this region and the students at the school. Construction of the clinic is nearly completed. Medical equipment, medical supplies, and medicine need to be purchased for the physician ready to serve the clinic.

This grant will provide funds over the next five years to purchase needed supplies. The clinic will serve not only the students of Mwadui Lutheran School but will also serve as a mercy ministry to the community and region that needs healthcare.

We Pray Together:

Heavenly Father, we thank you for the teachings of the Mwadui Lutheran School in Tanzania. Bless the students as they learn to become evangelists, pastors, or other professionals. Keep them in Your Word, so that whatever their career, they will continue to follow You. In Jesus' name we pray. Amen.
