

UPDATE FROM THE MISSION FIELD

LWML MISSION GRANT

STUDENT SCHOLARSHIPS FOR MOST MINISTRIES

“Your generous donations totaling \$10,000 helped us send 274 members to serve in 11 countries around the world, impacting 11,211 lives! Whether you’re a team member or you generously supported the ministry and the teams we send, we are truly grateful for you. We sincerely appreciate your involvement and we are thankful you were able to support us in our goal to impact the world for Jesus Christ through short-term missions by ‘Empowering the Found in Reaching the Lost.’” These are quotes from Yvette Patrick, Business Manager, of Mission Opportunities Short Term (MOST) Ministries after receiving one-half of their \$20,000 LWML grant.

MOST Ministries began in 1989 as the vision of one couple who took a mission trip to Haiti. MOST teams now work throughout the world. Teams carry out many different types of activities such as, eyeglass clinics, building churches and schools, and delivering dental and medical care. A few years ago MOST received a generous donation to start a scholarship fund which paid for nine college and university students to participate in short-term trips. The 2013-2015 LWML grant has contributed \$10,000 so far for teams going on mission trips in April and September.
