

*The Light of Christ for the Blind and Visually Impaired*

There are millions of people throughout the world who are blind or visually impaired and are seeking to strengthen their faith while coping with isolation and dealing with physical, mental, and spiritual struggles. They have the desire to read the words of our Lord themselves, so that they can feel and learn about the love of God and the salvation of Jesus for them. Even with advancements in technology, they still have difficulties accessing Scripture-based and theologically-related reading materials.

Lutheran Braille Workers (LBW) has been freely supplying materials in specialized large print and braille to people who are visually impaired for over eighty years. This grant will help with the formatting, producing, and distributing fifty to one hundred new Scripture-based materials, adding to the LBW collection of resources to meet the spiritual and emotional needs of recipients with vision impairments around the world.

Currently there are approximately 253 million people in the world with moderate to severe visual impairment. It is estimated that approximately 95% of this population is unchurched, yet when it comes to ministering to this community, there are less than a handful of Christian organizations reaching out to share Christ's love. Lutheran Braille Workers will send free Bibles and Christian materials to anyone who requests them, regardless of denomination affiliation. This is an incredible opportunity to share the Gospel and Lutheran resources with the visually impaired and blind throughout the world.

*The people who walked in darkness have seen a great light; those who dwelt in a land of deep darkness, on them has light shone (Isaiah 9:2).*

*In him was life, and the life was the light of men. The light shines in the darkness, and the darkness has not overcome it (John 1:4-5).*
