

# Outreach in Refugee Camps - Lebanon

# \$72,000

The goals for this outreach are to share the Good News, provide relief to the destitute women and children, and to influence long-term growth of the Gospel. Working through the Middle East Lutheran Ministry (MELM) center they reach out to camps throughout the Belkaa Valley region of Lebanon. MELM will visit the smaller refugee camps to attend to their needs on a more personal and sustained basis. Many of the men still living are elsewhere in Lebanon and work in cities. The grant will pay for humanitarian supplies, printed materials, and logistics. The grant will impact the women and children at a time of dire need with a strong Christian presence.

## Mission Grant Prayer

Lord God, be with the many displaced people in Lebanon and the MELM as they look to the physical and spiritual needs of those in the refugee camps. So many have already lost loved ones and find each day extremely difficult. Be with those sharing the Gospel with them that they may be able to share Your compassion with those who need to know of Your love. Keep them all safe from harm. Open the hearts of the refugees that they may receive Your help through the MELM. In Christ name, we pray. Amen.
