

IDEAS

For Collecting Mites

1. Provide an attractive display of the current LWML Mission Grants and the Mite Box history.
2. Place an explanation of the Mite Box, a mission grant bookmark, and a Mite Box in the mailboxes of each church member before Lutheran Women in Mission Sunday.
3. Have the pastor or an LWML member provide information about one of the current LWML Mission Grants. Use the videos or resources from the LWML website about Mission Grants.
4. Highlight LWML Mission Grants during the children's sermon once a month. Provide children with their own Mite Box or give them an M&M'S® mini-candy tube or small Pringles® container to collect mite offerings.
5. Have a once-a-month mite offering collection during the church service.
6. Engage the entire congregation in collecting mite offerings by having a competition between men and women, early and late service, or children and adults.
