

# Lutheran Young Adult Corps

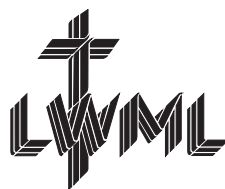

# \$25,000

Long-term service opportunities, suited for young adults who after high school or college have not yet settled on a vocation, are offered by Lutheran Young Adult Corps. Host sites will provide opportunities to serve neighbor and community in a volunteer service. Living in a community with other young adults, they will have daily devotions, connections to a nearby church for Word and Sacrament ministry, and theological training before the young adults are sent out on a mercy project such as domestic work in the inner-city or other underserved areas. Each participant will provide a portion of the stipend dispersals with LWML grant money supplementing the funds as scholarships.

## Mission Grant Prayer

Oh Lord, we thank You for the opportunity You have given us to make known the love of Christ by work and deed within our churches, communities, and the world. Empower our young adults by the Holy Spirit through Word and Sacraments to serve You as they reach out to serve others. We are blessed to help provide scholarships enabling their volunteer efforts in this endeavor. Move us to keep them daily in our prayers and continue to support them with our mites. In Jesus' name, Amen.
