

Dear Members of Mt. Olive.

Early this week we had a member of the congregation start to show symptoms and has since tested positive for COVID. This individual was in church last Sunday (October 10), but did not display any symptoms at that time. We do not feel that there is any great cause for alarm, but certainly want to keep the congregation informed.

For anyone who was present in church last Sunday we wanted to inform you so that you can take appropriate precautions. If you develop any symptoms, we encourage you to isolate, and notify either me or the church office.

In Christ,  
Pastor Nierman
