For the wages of sin is death, but the free gift of God is eternal life in Christ Jesus our Lord.

~Romans 6:23

What is sin?

Sin is rejecting or ignoring God in the world he created, rebelling against him by living without reference to him, *not being or doing what he requires in his law* - resulting in our death and the disintegration of all creation.

God floods the earth - Genesis 6:5-7:24

Principle: God judges man for his sinfulness.

Ask your Child: Why was God going to flood the earth?

Apply: By repenting and trusting Jesus Christ as Savior and Lord.

1. Would you personally work a puzzle if you were missing a few pieces? What benefits do we have in piecing together as much of the End Times events as we can?
2. Why can't we make the timing of the Rapture an issue of fellowship among believers? Why must we make a "bodily" return of Jesus an orthodox issue?
3. How does the "imminence" of Jesus' return affect how you would live today? What would be different if you were to get several years warning?
4. Of the motivating parables in Matthew 24-25, which one hits you the strongest?
5. What will you do differently this week, knowing that the Rapture is imminent?
