

# PEACE IN CHRIST PRESCHOOL PAPER

April  
2019

You made the earth, the sky, and the rains.  
We see your world from cars, bikes, and planes.

## At school we'll be learning...

This month's theme is about nature and science. The preschoolers will be learning about weather and will participate in science experiments about tornadoes and volcanoes. The preschoolers will learn how God created the earth and how we can take care of our planet.

We will learn about God's Plan:

That Jesus had to die  
To pay the price for sin,  
For all our wrongs and lies.  
And so, because of Jesus,  
When our lives are through  
We can live in heaven  
If we trust and love Him too!

## Registration for next year:

There are a few spots open in our Two Day Morning Class and in the Five Day Afternoon Class. Please tell your friends if they're looking for a preschool! Thanks!

### Classes for next year 2019-2020:

M-W-F Morning Class - FULL

T-TH Morning Class 8:45-11:45 a.m.  
\$1,140/year (\$114 for 10 months)

5 Day Afternoon Class 12:45-3:45 p.m.  
\$2,850/year (\$285 for 10 months)

No School April 19<sup>th</sup>  
Easter Break

## Classroom Science: Baby Chicks!

Pastor Kevin has generously donated an incubator and some of his chicken eggs to the preschool! We will be learning about how baby chicks grow in their egg and finally hatch! Hopefully the baby chicks will hatch after Easter and the preschoolers will be able to watch them for a few days before Pastor Kevin will take them to their new house.

This will be an "eggciting" learning experience!

The preschoolers will be allowed to hold the chicks once they have grown a little. We enforce good handwashing following the touching of any animals. If you choose not to allow your child to touch the baby chicks please inform the teachers.

Thank you

**1st Week in April:  
Weather: Hurricanes, Tornadoes, Volcanoes  
Noah and the Flood**

This week's theme is about rainbows, Noah and the flood, and weather. We will learn the story of the flood and God's promise to Noah. God said He would never flood the earth again. God reminds us of that promise through rainbows. The preschoolers will explore different aspects of science. There will be different science experiments this week that explain natural phenomena like tornadoes and volcanoes. The preschoolers will learn more about how nature works.

**Skills Practiced This Week:**

Letter: Q q

Review: Colors, Shapes, Numbers

Bible Lesson: God Keeps His Promises

Bible Verse: That rainbow is a sign. – Genesis 9: 17

**3<sup>rd</sup> Week in April:**

**Easter & Jesus' Death and Resurrection**

This week's theme is about the Easter holiday and the celebration of Jesus' death and resurrection. The preschoolers will understand "mixed emotions" (sad that Jesus died but happy that He now lives). Easter is about celebration. We celebrate with special church services.

**Skills Practiced This Week:**

Letter: E e

Review: Colors, Shapes, Numbers

Bible Lesson: Jesus' Death and Resurrection

Bible Verse: He is not here; he has risen.

– Matthew 28:6

**2nd Week in April:  
Creation & Earth Week**

In the beginning, God created the heavens and the earth. This week's theme is about how God created the earth.

God created everything: the ocean, the sky, the stars, the planets, the trees and flowers, the animals, and all the people! The preschoolers will learn about the animals God created, the places God created, and the different types of nature God created. He is an amazing Creator! We will celebrate the gift of planet Earth and remember to take care of it!

**Skills Practiced This Week:**

Letter: R r

Review: Colors, Shapes, Numbers

Bible Lesson: The Days of Creation

Bible Verse: God saw all that he had made, and it was very good. – Genesis 1: 29

**4<sup>th</sup> Week in April:**

**Jesus' Ascension & Up and Under Things**

This week's theme is about up and under things and Jesus going up into heaven. We will learn about directions like up and under, unusual U words, and positional words. We know that Jesus went to heaven. We know that we will go to heaven, too! We are saved because we believe in Jesus as our Savior.

**Skills Practiced This Week:**

Letter: U u

Review: Colors, Shapes, Numbers

Bible Lesson: Jesus' Ascension

Bible Verse: Jesus was carried up into heaven.

– Mark 16: 19
