### Sunday, October 4, 2018

This is the day that thousands of dollars were given away at PLC. Why? To replicate and experience the meaning of Jesus' *Parable of the Talents*! What would you do if you received ten years worth of wages? That is the amount of a talent that Jesus refers in his parable! Although we all received a fraction of that amount, hundreds of people received up to a hundred dollars to, well, grow and multiply.

In the coming weeks members of all ages will creatively use ways to add to their blessing. Then, on Sunday, November 11, all the dollars will be returned for a huge celebration of gratitude. All proceeds will then be 'paid forward' to two partner ministries that support kids.

These ministries are iPoint Camp and LPGM India Mission. Both have prayed for support for new ventures. Your gifts will be an answer to their prayers!

All we have is a gift. All we give is a blessing. That's God's way! Thanks for your support. As Jesus said, "Well done, good and faithful servant!"
