March 2024

We are in the time in the church year called Lent. It is time to seek the presence of God as a congregation in the sanctuary together to experience the warmth and love of God together. Lent provides such a special time for those of us who claim Christ as their Savior and Lord. For those of us who understand that God loves us so much that he gave his son to die for us as the sacrifice that our sins that we might be forgiven and we might be reconciled to God, Lent is truly special helping us know that all this God did out of Love for us his children. This is truly a time for us to be together, to pray together to worship together and to hear God's word together and then commune together partaking in Christ's holy body and blood that was given and shed for us. This is truly a special time for us.

The season of Lent gives us a special time to be God's people, with a time for share a light meal and the fellowship of being together. And the special midweek services and this year's special theme of hearing proposed conversations between people who were part of the passion of Christ. We gather together to share, to prepare ourselves for Christ's crucifixion and death and ready ourselves for the joy of the resurrection and pronouncement that He is risen indeed.

We are midway through Lent, and I am hoping that you will make this a special time to experience the presence of God in its special way and the comfort of being with God's people.

Remember Wednesday (March 6, 13 and 20) at 6:00 pm for a light supper and 7:00 pm for our Lenten worship.

+++++

Jan and I want to thank you for several things: one of which is all your prayers and notes to Jan during her surgery and this time of recovery. Those prayers and words were particularly special for her.

I thank those of you who have made an extra effort to provide me with special goodies while I must continue dealing with the Alpha Gal Syndrome. It has been very thoughtful of you and joy to eat.

Now I have just been retested to show that I am still allergic to mammal meat and dairy but also wheat which explains why I reacted to cookies and bread. The only good news from the test was that my Alpha gal tested about half what it was nine months ago which may mean that I may eventually be rid of it in a few years.

So, I ask for you continual prayers and good thoughts.

Pastor Carl
