## COUNSELING METHODS

The primary method of therapy used by our counseling ministry is "Creation Therapy". This method is based on the belief that you are a unique being, fearfully and wonderfully made by God, rather than the result of evolution. It is designed to give you a better understanding of your uniqueness and pinpoint your individual temperament.

Creation Therapy founded by Drs. Richard and Phyllis Arno, was developed through seven years of study that consisted of 5,000 individuals in need of counseling. The study revealed that this method of counseling was 90% successful, when administered by a trained counselor.

## WHY DOES IT WORK?

It works because we do not waste time trying to correct the symptoms but rather we follow a step-by-step plan that has been developed to target the root of the problem.

Everyone has needs within their temperament and when these needs are not met it can cause stress, illness, suicidal tendencies, anger, loneliness, fear, anxiety and a host of other ailments.

Our counseling services will help you to identify your temperament needs and teach you how to meet them in Godly ways which will in turn show improvement in your personal relationship with God and man.

If you have not had success with other methods of counseling we encourage you to try our services. It's not over until God says it over. Your life can change....for the better.

*"Fear not, there is nothing to fear for I am with you; do not look around in terror and be dismayed, for I am your God. I will strengthen and harden you to difficulty, yes, I will help you, yes, I will hold you up with my victorious right hand of rightness and justice."
