READ. REFLECT. RESPOND. REMEMBER.

Following the Gospel reading today, Jesus' disciples show back up. They try to get him to eat some food, but He says that he has food to eat that they know nothing about. This confuses them. In the scope of the story, He asked for water, and then gave "living water" to the woman. His disciples went to go get food, and He says he already has food. Read John 4:27-34.

Reflect:

What does Jesus say his food is?

How does God's work sustain us, even, or especially, in difficult times?

How does the opportunity to bless my neighbor bring me life?

Respond:

Jesus' statement reminds us of part of our weekly (and hopefully, daily) prayer – Thy will be done. God grants us power to bring that to life in this world.

Remember:

"Jesus answered her, 'If you knew the gift of God and who it is that asks you for a drink, you would have asked him and he would have given you living water.'" John 4:10
