June 2, 2021

Dear Family in Christ,

As the city of St. Paul and the State of Minnesota have lifted their mask mandates, we are no longer requiring a mask to be in the building per the Centers for Disease Control and Prevention directions that those who are fully vaccinated can participate in indoor activities without masks or social distancing. Those who are not vaccinated are encouraged to continue wearing masks, and those who wish to continue wearing masks after vaccination are free to do so as well.

With that we are beginning our plan to shift our Worship Services to what was more familiar to us before the pandemic, with no prerecorded sections and live music. Expect these things to begin rolling out in the next few weeks, as we learn how to best do that and continue to be able to stream the services online as well.

Thank you for your patience and perseverance as the body of Christ in these months. I would like to take another opportunity to extend my thanks to those who served ever so graciously in being able to bring you, wherever you were, the opportunity to gather together on Sunday mornings. It has been a long road. Sitting here on what looks like the other side, may we go forward not simply as we were, but renewed in our zeal for worship, for learning and for service in the name of Jesus. To God be the glory.

In Jesus,

Pastor Thompson
