

Mid-week Stewardship Thought

Giving Magnifies the Lord

When we give our gifts to the Lord, we need to be mindful that our gifts to the Lord return only a small portion of His blessings to us. God continually meets our needs, comforts and watches over us, and, most important, gives us new life. In our giving, we should be especially aware not only of the many blessings effected by our gifts, but of His many blessings we receive. Giving can be a helpful reminder to us of the blessings God has given. Through our faithful giving, we give God thanks, worship, and glory. As Rev. Stephen Olford, who was a 20th century Christian leader, aptly states, "Giving satisfies the soul, edifies the church, and magnifies the Lord."

Prayer: Dear Lord, thank You for Your endless generosity to me. I am so blessed, especially with Your love, grace, and mercy. Help me to show my thankfulness in my generosity to You. In Jesus' holy name I pray. Amen.

Blessings on your journey as a steward!
