This would be above your regular church giving and would be a huge financial plus for St. John's. You choose the day(s). Why not consider adopting a day for your birthday or that of a family member, or an anniversary of your baptism, wedding or all of them and more? If you would like to adopt a day just write your information on a piece of paper and enclose it with your payment of \$38 per day.

### ANNUAL EWALU MEETING

March 17, 2018

From: Richard and Gail Larson

The theme for EWALU for the 2018 season is "This Changes Everything" based on Ephesians 2:8 "By grace you have been saved through faith and this is not our own doing; it is the gift of God".

You will notice a new continuity in design between all of the camp's published materials this year and on the website [www.ewalu.org](http://www.ewalu.org). The camp has a new marketing director position which has just been filled.

The staff, board of directors and volunteers with input from the churches served by the camp have been involved in visioning meetings for the future. The aim is to balance a facility driven and ministry/mission driven plan with a capital campaign in the near future. Visioning has focused on three areas: Marketing, Programming and Hospitality. The results of the work so far on Marketing are seen in the great new easier to use website and the continuity between publications. Programming will focus on expanding programs for all age groups, intergenerational programs and programs taken offsite as well as hosted onsite. So far, Hospitality has been looking at facility usage and accessibility. Recently there has been a thorough site review of both the camp and the Stone Center. While physical plants are important, the visioning has been focused in a ministerial direction with facilities as the support to the mission.

EWALU is financially "in the black" which is a very good place to be. A recent large bequest has also bolstered the camp's Endowment position. Summer camping experiences have been very well attended and the other events have been also. Between the two sites, 69 retreats took place as well. Another sign of EWALU's influence on the spiritual development of our youth---5 alumni of the counselor and leadership training groups are entering Seminary this fall.

Upcoming events:

- April 6-8, Dirty Feet Retreat for 6 to 8<sup>th</sup> grade youth
- April 27-28, Volunteer Work Weekend, Free Food and Lodging and a chance to work on a wide variety of projects. Register by April 20<sup>th</sup>
- June 10, First week of Summer Camp, see brochures for all details about the camp this summer
- June 29-July 1, Family Camp Weekend
- Sept. 15, 31<sup>st</sup> Annual Fall Festival and Quilt Auction

**FROM THE PARISH NURSE -**

**April is Child Abuse Awareness Month:**

Here are a few tips on how to prevent child abuse.

Volunteer your time. Get involved with other parents in your community. Help vulnerable children and their families. Start a playgroup. Discipline your children thoughtfully. Never discipline your child when you are upset. Give yourself time to calm down. Remember that discipline is a way to teach your child. Use privileges to encourage good behavior and time-outs to help your child regain control. Examine your behavior. Abuse is not just physical. Both words and actions can inflict deep, lasting wounds. Be a nurturing parent. Use your actions to show children and other adults that conflicts can be settled without hitting or yelling. Educate yourself and others. Simple support for children and parents can be the best way to prevent child abuse. After-school activities, parent education classes, mentoring programs, and respite care are some of the many ways to keep children safe from harm. Be a voice in support of these efforts in your community. Teach children their rights. When children are taught they are special and have the right to be safe, they are less likely to think abuse is their fault, and more likely to report an

offender. Support prevention programs. Too often, intervention occurs only after abuse is reported. Greater investments are needed in programs that have been proven to stop the abuse before it occurs - such as family counseling and home visits by nurses who provide assistance for newborns and their parents.

Know what child abuse is. Physical and sexual abuse clearly constitute maltreatment, but so does neglect, or the failure of parents or other caregivers to provide a child with needed food, clothing, and care. Children can also be emotionally abused when they are rejected, berated, or continuously isolated. Know the signs. Unexplained injuries aren't the only signs of abuse. Depression, fear of a certain adult, difficulty trusting others or making friends, sudden changes in eating or sleeping patterns, inappropriate sexual behavior, poor hygiene, secrecy, and hostility are often signs of family problems and may indicate a child is being neglected or physically, sexually, or emotionally abused. Report abuse. If you witness a child being harmed or see evidence of abuse, make a report to your state's child protective services department or local police. When talking to a child about abuse, listen carefully, assure the child that he or she did the right thing by telling an adult, and affirm that he or she is not responsible for what happened. Invest in kids. Encourage leaders in the community to be supportive of children and families. Ask employers to provide family-friendly work environments. Ask your local and national lawmakers to support legislation to better protect our children and to improve their lives.

Children are our future and the future of our world. Each one of can make a difference in a child's life by being a positive Christian example and listening with attention.

**OUR PARISH NURSE** will be doing blood pressure screenings on Sunday, April 8th and Saturday, April 14th after worship as well as during the Mobile Food Pantry on Saturday, April 19th, from 9-10 am. If you have concerns, please contact your health care provider.
