

NEWSLETTER

Dear Friends,

We are looking at the final few days in January. So, far this Winter has been very mild. The temperature lately almost makes me think of the coming of Spring. So we are ready to enter February which this year is a doublet. We have both Valentine's day and Ash Wednesday—and these both have something unusual in common.

I remember the week before Christmas going through the aisles of a local store to discover that the shelves were already filled with hearts and candy and all types of Valentines material—which frustrated me as I was still in the hunt for candy canes. Don't get me wrong I am the endless romantic who still believes in love—yes, even at my advanced age. Will wonders never cease.

Paczki Day

This past week when my mother was having surgery in Prairie, we made a stop at Wally World—where I discovered they had Paczki. Paczki are a type of donut usually made for Fat Tuesday (Mardi Gras in French). I found it amazing that they had them for sale so early. Ironically, I picked up this early gift to myself—and devoured them all as they need to be eaten quickly.

While most times I feel that we should not get ahead of ourselves, this rule is not carved in stone or written in cement. We need always to keep our feet grounded in the present while having dreams of the future. This is likewise true for congregations who wish to thrive. We need to be grounded in our past, so we do not lose our anchor of faith. Meanwhile we should keep our eyes and ears open to new possibilities—because God provides us opportunities to serve and to give thanks. God is not only strength the of the present, but also the hope of the future.

Peace,

Pastor Mike

CONFIRMATION

Confirmation classes will resume on February 1st — Pastor is also trying to put together an opportunity for the students to sing at the Living River Center on the 15th—during class time. We can come back and have pizza—followed by the possibility of working at the Food Pantry. The later class can arrive to help out with the food Pantry, with pizza served beforehand. We could use some help transporting the students.

Why not consider adopting a day for your birthday or that of a family member, or an anniversary of your baptism, wedding or all of them and more? ***If you would like to adopt a day, just write your information on a piece of paper and enclose it with your payment of \$45 per day.***

Pastor Mike,

Thank you for allowing me to join you all for worship this past Sunday and the opportunity to preach to both congregations and at all 3 services. As a bonus, you got to have a little bit more relaxing weekend! I know from my time in a congregation, the Sunday's that I didn't have to preach had an entirely different feel to them with a lot less stress and pressure.

As you discern how to continue sharing your generosity this coming year, please do not hesitate to reach out with any questions. You all have been given so much and it is so greatly appreciated. I look forward to seeing what God will continue to do through you in this coming year.

Grace and Peace,
Tim

WELCOME TO YOUR CHURCH COUNCIL 2023

Featuring | Brian Rodenberg | President

I grew up around...

the Garnavillo area on a farm till age four. By sixth grade we moved into our family home. I attended St. Peter's Lutheran Church growing up. I had a great neighborhood with lots of kids to play and interact with.

My most meaningful accomplishment in high school...

was the opportunity to play high school golf, due in large to a coach and community support. I played all four years and the team went to districts each year. During my sophomore year the team made it to the state tournament. I felt very fortunate my senior year to be given the American Citizen Award from the bar association. My teachers had a tremendous influence on me.

After college I...

graduated from UNI and began teaching in various school districts in Illinois and mostly Iowa. When Drake University offered a weekend approach to a master degree in administration I spent full Saturdays and Sundays attending.

After fourteen years of teaching I became a principal in several schools and later returned to UNI for my superintendency. Along the way, early on I met my wife, Vicki, through a golf tournament! We each needed a partner and from there the rest is history. We raised two sons, Dennis and Isaac, and have been blessed with several, wonderful grandchildren.

One of the biggest life lessons I learned from...

a high school coach, who caught me littering. His impact on me continues today as I walk around Guttenberg daily. If I see trash along the way I will pick it up. A second life lesson was from a colleague at a high school, who was the band instructor in a small district where I was a principal. When asked why he didn't move on to a larger, more notable high school he replied, "Kids in small schools need good teachers too." I have always kept this in mind and shared with my staff as their principal and superintendent.

To me, grace means...

giving back to your community, to church, especially my family home church, St. John's Lutheran. Also, remembering to not take yourself too seriously. Realizing everyone, now and then, needs help.

I'm a Lutheran because...

I was raised as a Lutheran since early childhood and sometimes attended St. John's Lutheran with my grandmother as she marched in with the church choir. I have learned when facing life's adversities, faith is a huge, necessary influence in our journey. We need our church community to support us and we in turn should reciprocate.

OUTREACH COMMITTEE

Matthew 13: 6-7

When Jesus came to Simon Peter, Peter said to him, "Lord, are you going to wash my feet?" Jesus replied, "You don't understand now what I am doing, but someday you will."

Writing this newsletter seemed to keep getting away from me this month but I'm so glad it did. It seems it was not an accident. Saturday was a full day of reflection on faithful lives that proclaim the love of Jesus and how St. John's reaches out to be the light of Jesus in the darkness.

We began the day Saturday with attending the Russ Loven Service of Victory over Death. We listened to wonderful and warm attributes to Russ's character from the eyes of grandchildren and a faithful colleague. We have known Russ and Juanita for over 25 years and loved to hear of the adventures others experienced and how they shared their faith with them. The impact of loss in a small community reverberates throughout the area. If you do not know the person personally, you know a family member or friend and hear of the care or how they reached out to others.

We hear of the faith they had and how God used their gifts and talents. Last fall, we attended a new friend's service, Tom Kraus. Marci and Tom walked us through the ropes of serving at a funeral last spring. Tom was in physical pain most of the time he helped and he helped a lot. Again we listened to stories from a son who shared how important Tom's faith was to him. On Saturday, friends shared stories of another member of St. John's, Lee Horstman, and how he served the school district and others. I believe these stories because of the people who shared them. These stories are shared openly while we serve at funerals, fix a leaky pipe, participate in Sunday worship, teach Sunday School, fix a property problem, rake a lawn, etc. It is what God uses to build our faith so we understand the love he sheds on all of His children so they overflow and can share His love with others. I could go on with how members of St John's take care of each other and situations where care and love is needed.

This weekend we received a message from Pastor Tim Krick thanking us for the many ways we help support Lutheran World Relief. In that message he told us how important everyone's contributions are and the people who make those contributions. We are all needed whether it is working to supply dollars, hands on the ground in areas that we specialize in, or supplies that give quick relief when everything you own is lost (his words were "a breath of fresh air in a turmoil situation"). Carol Tompkins can give you the number of quilts her committee have made and sent. The love of Jesus thrives!

Jesus has given you a light to share in the darkness. He has given you special gifts and talents that only you possess. Reach out-He's there to take your hand and walk you through what he needs you to do. The Bible tells us this is true and prayer leads you right to the source of the discussion.

February 2023, LSI Bulletin/Newsletter Article and Story**Happy Valentine's Day from LSI**

At LSI, loving our neighbor is an essential value that we continuously work and grow towards. This Valentine's Day, take time to share with your friends, family and neighbors how important they are to you. February is a time of giving, a time of love and a time of gratitude. Share with those around you how much they mean to you and the impact they have had on you.

It's also a time when we want to thank you, the congregations that so generously support the work of LSI throughout the year. We are blessed by your love and support. Your generosity has continued to offer hope and healing to Iowans of all ages.

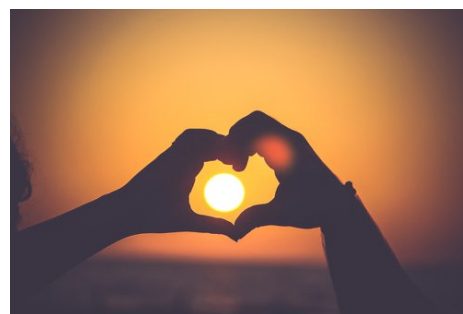

For more information, please contact Deb Whitford, LSI's Director of Philanthropy and Church Relations, at Deborah.Whitford@LSIowa.org or 563-676-2065.

Our Mission: Lutheran Services in Iowa responds to the love of Jesus Christ through compassionate service. LSI is an affiliated social ministry partner of the Iowa congregations of the ELCA (Evangelical Lutheran Church in America) and a member of LSA (Lutheran Services in America). We proudly serve people of all ages, abilities, religions, sexes, gender identities, national origins, ethnicities, races, and sexual orientations. Love Your Neighbor

At LSI, loving our neighbor is an integral value. Our staff continuously work towards loving their neighbors and investing their time, energy and resources into helping their neighbors.

"I love getting to know my LSI colleagues and teammates, and I feel fortunate to be surrounded by such talented, passionate and inspiring individuals," said Nick Wuertz, Director of Immigrant and Refugee Community Services (IRCS). "The team around me makes me better, and by getting to know my team and understanding their unique skills and perspectives, I feel I can love and support them in sharing those gifts with others on our team, our clients and the broader community."

Barbra Jotzke-Torrier, Director of Philanthropy, shared that loving her neighbor means treating others with respect. "It means remembering my way is not always the best way, and certainly not the only way to live, love, make a home or be a part of a family." Barbra shared that her job at LSI has given her the opportunity to share people's stories and to connect people with programs they are passionate about.

"Loving my neighbor means caring for them and being there for them in good times and hard times," shared Patrick Karemera, a Resettlement Caseworker. "Loving my neighbor through my job is about welcoming our new neighbors from all over the world who flee their homes in hopes of a better life."

As Nick shared, loving your neighbors is complex and requires you to take the time to get to know them on a personal level. This Valentine's Day, we invite you to take that step and get to know your neighbors.
