So many exciting things coming this year. We have two new board members and we can use more, if you feel so moved. Thank you, Frank Bewersdorff and Sabrina Adams for taking the steps to join our team. Abigale, one of our current registered nurses is such an asset to The Center. Besides doing ultrasounds, she has created our new website and has reached out to Keene State College and that has been successful. She truly needs our prayers and support in providing outreach to the community. We also need your support and prayers as we move forward. We are currently contemplating taking over the entire building at 100 Washington Street. This is a slow process and it can provide the space to expand our services some of which may include counseling for dads as well as families in a group format; individual Christian counselling; allowing us to have a play space when families are in for appointments. So many ideas and this is where you, our congregation come in. First, prayer. Prayer for God's provision. We trust and rely on his truth and grace at each and every decision for us. This is His ministry. Second, donors & financial support. We ask that you prayerfully consider a monthly donation of whatever you can afford. This is so important to continue the free services we provide. Thank you for always keeping us in prayer. We have two moms expecting during the month of March. We also have two moms coming to faith through the diligence and love from our staff and volunteers. Reach out. We love hearing from you. Helen Poisson, PRC Liaison for Trinity Lutheran Church
