

A GIFT ANNUITY IN ACTION

Here is one example of how a gift annuity can help: John, 83, and his wife Mary, 80, want a gift annuity to provide them with regular payments and a way to support Trinity Lutheran Church even after the Lord calls them home.

They establish their gift annuity by sending a \$10,000 check to the LCMS Foundation. Based on their ages, they know they will receive a gift annuity rate of 6.0* percent. That means they will receive annual annuity payments of \$600 per year for their lifetimes. Since a portion of the gift annuity is a charitable contribution, the couple also gets an additional \$4,461 income tax deduction for the year they establish their gift annuity.

And, they enjoy even more tax savings. More than 80 percent of their annual \$600 payment—\$486—is tax free.

After John's death, Mary will continue to receive the regular payments. After her death, the remaining balance on the couple's gift annuity will go to Trinity Lutheran Church.

In general, annuity payments and the amount that eventually goes to the designated ministry are based on life expectancy. If the Lord calls John and Mary home at the age of their life expectancy, about half of the couple's original \$10,000 goes to Trinity Lutheran Church. Not living to life expectancy, or beyond life expectancy, the ministry receives more or less than half.
