Dear members and friends of Faith on Forty,

IT'S SPRING ... AT LAST.

The flowers are blooming and the veggies are sprouting. It's a beautiful sight, but it sure has been a difficult year for them.....and us.

My daughter, Elena, gave me The Green Bible for Mother's Day. It's the same Bible we read every Sunday- but the stories that refer to creation are printed in green. It is meant to highlight how interwoven we are with ALL of creation: and how God intended us to live in communion with nature.

Here are just a few references to nature in the Bible. A dove hands Noah an olive branch to let him know the waters had receded. (Genesis 8:11) Abraham meets angels and the Lord while sitting in the shade of oak trees (Genesis 18:1) Isaac's life is spared by a ram caught in the bushes (Genesis 22:13) Moses hears God speak to him from a bush (Exodus 3:4) The prophetess Deborah holds court under a palm tree (Judges 4:5) David seeks safety in the forest of Hereth (I Samuel 22:5) Jesus describes the Kingdom of Heaven as a mustard seed that grows into a tree where birds of every kind can nest (Mark 4:31-32).

These are just a few samples of nature references. Jesus used nature in almost every story and parable. Can you think of any?

There are many seasons that make up a church year: Advent, Christmas, Epiphany, Lent, Easter, and Pentecost. Pentecost is the longest season with 27 Sundays from Easter to Christ the King Sunday at end of November.

In all these Sundays, there is no focus on creation. So at the suggestion of Dr. David Rhoads (LSTC) who wrote The Season of Creation, I am going to take 4 of the 27 Pentecost Sundays, call them Creation Sundays and do something different. June 9 is Pentecost Sunday. That is what it is. However,

**June 16 will be Forest Sunday**

**June 23 will be Land Sunday**

**June 30 will be Wilderness Sunday**

**July 7 will be River Sunday.**

I want to emphasize how God acts in creation, and how God uses creation to teach us how to live as people of faith.

Why am I doing this? Because, as Christian people, I feel we have forgotten our responsibility to care for creation. In Genesis we were given dominion over the world. Dominion means to serve and to protect the earth, as it serves and protects us. Genesis uses the terms "till it and keep it" to work it with respect, to keep, restore, and renew. For the past 200 years it seems we've been about how our beautiful earth home can just keep giving more and more and more of her resources without us giving back. I would like to ask someone but I don't know who that would be..... When will we have enough? When will we be satisfied with what we have, instead of wanting more.

I ask myself that question. It troubles me that in my home I have so much furniture and other "stuff" - I could furnish another whole home for another whole family. That bothers me, so every time I want to buy something new, or go somewhere or take any new action, I ask myself "Will this help me love God and care for creation?"

If I take shorter showers, don't let the water run, car pool as much as I can, plant a tree, and take cloth bags to the grocery store, no one will notice or thank me. But It is my prayer that as I read through The Green Bible and share it with you on those special Sundays, we can begin again in earnest - AND IN SMALL WAYS - to protect and serve God's beautiful creation.

With all my love,

Pastor Carol
